

Lee County Arts & Community Center Presents

50 Plus Artists, More Than A Dozen Wineries & Breweries, And Lots Of Live Music All Weekend!

The Sanford Arts and Vine Festival is a thrill for the senses; a celebration of creativity and ability, of tradition and community. Drawing artists from all over the region, the Sanford Arts and Vine Festival adds to its predecessor's focus on North Carolina pottery by including talented artists of other mediums, music and a larger selection of state wineries and culinary artists.

The two-day festival is held the first weekend of May at the Dennis A. Wicker Civic

Center in beautiful Sanford, N.C. Home of the former Sanford Pottery Festival, the city has drawn thousands of art lovers and buyers each year, and it is our hope to build upon that success to make The Sanford Arts and Vine Festival a "must see" for those who appreciate North Carolina's talented artists. This year we are excited to team with Lee County Arts & Community Center here in Sanford, NC. The LCACC is a vital community link in bringing arts of all kinds to the area.
